PROFESSIONAL PROFILE

Hello, I'm Muhammad Yameen, a proficient Full Stack Developer with 2 years of hands-on experience in crafting robust and scalable web applications. Passionate about leveraging cutting-edge technologies to deliver innovative solutions, I thrive in dynamic environments where I can apply my expertise in both front-end and back-end development. With a keen eye for detail and a commitment to delivering high-quality code, I'm dedicated to driving project success and exceeding client expectations. Let's collaborate and turn your ideas into reality!

WORK EXPERIENCE

6 Month:
At Code **Mate**, as a MERN Stack Developer, I developed web applications using MongoDB, Express.js, React.js, and Node.js. Led migration to microservices, reducing bugs by 30%.

6 Month:
At Xomacs, as a MERN Stack Developer, I designed RESTful APIs, integrated third-party services, and ensured security. Implemented CI/CD pipeline, cutting deployment times by 50%.

One Year at Cubicus.io
In my role as a Full Stack Developer, I lead development efforts, collaborate with stakeholders, and mentor junior developers. Recently, I implemented Blog Website using Next.js and introduced Blockchain for improved efficiency..
